

# stalls

Box stalls with front gates are available. A large pile of sawdust is kept on hand and we ask that you clean your stall when you depart. This keeps the stalls ready to go for the next rider. Visitors enjoy the abounding beauty of the area and the cleanliness of the Red Hill Horse Camp. Owners, Gene and Rosalind Philbeck, say most visitors return after their first visit.

# trails

With 100 miles of trails, you may need to stay for a week to ride them all. Riders find scenic trails that take them along ridges, hollers, through streams and over hills.
